The country-style kitchen is located at the heart of the home, and offers great storage, including an appliance cupboard, abundance of bench space, island breakfast bar, and an impressive raked ceiling and skylight flooding the space with natural light.

Each of the 4 bedrooms are generously sized, with the main bedroom having a walk-in robe, and bedroom 2 containing built-in robes and a window seat with landscape views. Downstairs, the large 4th bedroom with built-in cupboards and full bathroom could make for a great visitors' retreat, teen hang space, another living room, or home business, and has its own separate access. Start your day in the spacious family bathroom, featuring a large vanity area, a relaxing bathtub, shower, and a separate toilet for added convenience.
